8. INVESTOR QUESTIONNAIRE

This questionnaire will provide part of the foundation on which we'll build your portfolio. Please take the time to provide considerate answers to the following multiple choice questions, which are designed to help define your risk comfort zone and contribute to your personalized investment profile. Along with the financial information you've already provided, we will combine this information with a longer and more in-depth interview with your Portfolio Executive. All of this information will be considered in developing a portfolio custom tailored to you and your needs.

1. What is your primary goal for all of your investments?

- I plan to use the funds for a large purchase or expense within the next three years
- I wish to generate regular income
- I want a combination of regular income and asset growth
- I am not concerned with current income; I want my assets to grow long-term
- I wish to invest these assets aggressively for maximum growth over a long period of time

2. Recognizing that bear markets in stocks can generate losses of 20% or more, I could tolerate waiting three to five years to recover from such losses.

- Strongly disagree
- Disagree
- Unsure/Neither agree or disagree
